peter@trinitychurcheverton.org

Safeguarding Coordinator:

Hannah Richards
safegaurdingtce@gmail.com

Member of the Fellowship of Independent Evangelical Churches (www.fiec.org)

Charity Number: 1158540

Insurance Company: Ansvar (Church fellowship connect policy)

We seek to bring the good news of Jesus to people who wouldn't normally go to church. During the week we run various groups to reach out to both adults and children (Trinity Tots,

© Thirtyone:eight. UK's only Independent Christian Safeguarding Charity. No part of this publication may be shared or distributed to any party outside of the member organisation, without the prior written permission of the publisher.

Trinity Kids and Trinity Youth). On a Sunday morning we all gather to worship. All these activities are covered by this policy.

Points to note

- Trinity Church Everton meets in BNENC, Breckfield Road North, Everton, L5 4QT on Sundays.
- During the morning church meeting children will normally be invited to attend one of the following groups; Babies & Tots (age 0-4) and Kids (age 4- 11) (ages approximate).
- Children between 12 and 18 years will remain in the main meeting or attend Trinity youth in the main building.
- Babies and Tots meet in the Church centre in the BNENC main building
- Kids and mini Kids meet in the BNENC Annex
- After the meeting Trinity Youth happens monthly 12:30- 2pm in the Church center.
- From time to time older children (12 – 17 years) may be invited to do a 1 to 1 or small group Bible Study with a member of the church. These are only to take place with the knowledge and permission of both the Elders of the church and the child's parent or guardian.
- These 1 to 1's and Bible studies will only take place in public locations such as a coffee shop, the church center when there are other people in the building, or the child's home while a parent or guardian is in the building.
- Other occasional activities for children organised by Trinity Church Everton shall also fall within the boundaries of this Policy.
- Outside of these organised activities children attending the meetings and functions of the church remain in the sole care of their parents or guardians and TCE does not take responsibility of care for them.
- However under the terms of this policy the Elders and Children's Work Leaders undertake to be vigilant with regard to the behaviour of members of the congregation at all times and to take seriously and respond appropriately to any concerns raised.

Our commitment

As a Leadership (the church trustees) we recognise the need to provide a safe and caring environment for children, young people and adults. We acknowledge that children, young people and adults can be the victims of physical, sexual and emotional abuse, and neglect. We accept the UN Universal Declaration of Human Rights and the International Covenant of Human Rights, which states that everyone is entitled to "all the rights and freedoms set forth therein, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status".

We also concur with the Convention on the Rights of the Child which states that children should be able to develop their full potential, free from hunger and want, neglect and abuse. They have a right to be protected from “all forms of physical or mental violence, injury or abuse, neglect or negligent treatment or exploitation, including sexual abuse, while in the care of parent(s), legal guardian(s), or any other person who has care of the child.” As a Leadership we have therefore adopted the procedures set out in this safeguarding policy in accordance with statutory guidance. We are committed to build constructive links with statutory and voluntary agencies involved in safeguarding.

The policy and any attached practice guidelines are based on the ten **Safe and Secure** safeguarding standards published by thirtyone:eight.

The Leadership undertakes to:

- endorse and follow all national and local safeguarding legislation and procedures, in addition to the international conventions outlined above.
- provide on-going safeguarding training for all its workers and will regularly review the operational guidelines attached.
- ensure that the premises meet the requirements of the Equality Act 2010 and all other relevant legislation, and that it is welcoming and inclusive.
- support the Safeguarding Coordinator in their work and in any action they may need to take in order to protect children and adults with care and support needs.
- the Leadership agrees not to allow the document to be copied by other organisations.

Prevention

Understanding abuse and neglect

Defining child abuse or abuse against an adult is a difficult and complex issue. A person may abuse by inflicting harm or failing to prevent harm. Children and adults in need of protection may be abused within a family, an institution or a community setting. Very often the abuser is known or in a trusted relationship with the child or adult.

In order to safeguard those in our places of worship and organisations we adhere to the UN Convention on the Rights of the Child and have as our starting point as a definition of abuse, Article 19:

1. States Parties shall take all appropriate legislative, administrative, social and educational measures to protect the child from all forms of physical or mental violence, injury or abuse, neglect or negligent treatment, maltreatment or exploitation, including sexual abuse, while in the care of parent(s), legal guardian(s) or any other person who has the care of the child.

2. Such protective measures should, as appropriate, include effective procedures for the establishment of social programmes to provide necessary support for the child and for those who have the care of the child, as well as for other forms of prevention and for identification, reporting, referral, investigation, treatment and follow-up of instances of child maltreatment described heretofore, and, as appropriate, for judicial involvement.

Also for adults the UN Universal Declaration of Human Rights with particular reference to Article 5:

No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment.

Detailed definitions, and signs and indicators of abuse, as well as how to respond to a disclosure of abuse, are included here in our policy.

Safer recruitment

The Leadership will ensure all workers will be appointed, trained, supported and supervised in accordance with government guidance on safe recruitment. This includes ensuring that:

- There is a written job description / person specification for the post
- Those applying have completed an application form and a self declaration form

- Those short listed have been interviewed
- Written references have been obtained, and followed up where appropriate
- A disclosure and barring check has been completed where necessary (we will comply with Code of Practice requirements concerning the fair treatment of applicants and the handling of information)
- Qualifications where relevant have been verified
- A suitable training programme is provided for the successful applicant
- The applicant has completed a probationary period
- The applicant has been given a copy of the organisation's safeguarding policy and knows how to report concerns.

The Leadership will ensure all members of the church who lead on a team working with children, young people or vulnerable adults will be appointed, trained, supported and supervised in accordance with government guidance on safe recruitment. This includes ensuring that:

- A disclosure and barring check has been completed where necessary (we will comply with Code of Practice requirements concerning the fair treatment of applicants and the handling of information)
- A suitable training programme is provided for the successful applicant
- The applicant has been given a copy of the organisation's safeguarding policy and knows how to report concerns.

Ratios

When working with groups of children or young people, it is important that the level of supervision is appropriate to their age group and their needs, which may be very specific. In general, younger children need to be more closely supervised and will require a higher adult to child ratio.

The NSPCC recommends the following adult to child ratios for voluntary organisations:

- Aged 0 - 2 years: 1 adult to 3 children.
- Aged 2 - 3 years: 1 adult to 4 children.
- Aged 4 - 8 years: 1 adult to 6 children.
- Aged 9 - 12 years: 1 adult to 8 children.
- Aged 13 - 18 years: 1 adult to 10 children.

When deciding on the number of adults required, it is important to bear in mind that these ratios are guidelines only: in certain situations it will be necessary to have a higher number of adults than the recommendations suggest. If, for instance, the children or young people have specific support needs, or a risk assessment identifies behaviour as a potential issue for the group or event, the number of supervising adults will need to be higher.

It may not always be possible to adhere to these recommended ratios. However, every effort should be made to achieve the best level of supervision of children at all times.

Safeguarding training

The Leadership is committed to on-going safeguarding training and development opportunities for all workers, developing a culture of awareness of safeguarding issues to help protect everyone. All our workers will receive induction training and undertake safeguarding training on a regular basis.

The Leadership will also ensure that children and adults with care and support needs are provided with information on where to get help and advice in relation to abuse, discrimination, bullying or any other matter where they have a concern.

Management of Workers – Codes of Conduct

As a Leadership we are committed to supporting all workers and ensuring they receive support and supervision. All workers have been issued with a code of conduct towards children, young people and adults with care and support needs. (Appendix 1)

Practice Guidelines

As an organisation working with children, young people and adults with care and support needs we wish to operate and promote good working practice. This will enable workers to run activities safely, develop good relationships and minimise the risk of false or unfounded accusation.

As well as a general code of conduct for workers we also have specific good practice guidelines for every activity we are involved in and these are filed with the trustees and updated yearly.

Working in Partnership

The diversity of organisations and settings means there can be great variation in practice when it comes to safeguarding children, young people and adults. This can be because of cultural tradition, belief and religious practice or understanding, for example, of what constitutes abuse.

We therefore have clear guidelines in regards to our expectations of those with whom we work in partnership, whether in the UK or not. We will discuss with all partners our safeguarding expectations and have a partnership agreement for safeguarding. It is also our expectation that any organisation using our premises, as part of the letting agreement will have their own policy that meets thirtyone:eight's safeguarding standards.

We believe good communication is essential in promoting safeguarding, both to those we wish to protect, to everyone involved in working with children and adults and to all those with whom we work in partnership. This safeguarding policy is just one means of promoting safeguarding.

Responding to allegations of abuse

Under no circumstances should a volunteer or worker carry out their own investigation into an allegation or suspicion of abuse. Follow procedures as below:

- Documenting a concern

The worker or volunteer should make a report of the concern in the following way:

- The person in receipt of allegations or suspicions of abuse should report concerns as soon as possible to:

Name: Hannah Richards

Tel: 0151 260 3464

Email: safeguardingtce@gmail.com

The above is nominated by the Leadership to act on their behalf in dealing with the allegation or suspicion of neglect or abuse, including referring the matter on to the statutory authorities.

- In the absence of the Safeguarding Co-ordinator or, if the suspicions in any way involve the Safeguarding Co-ordinator, then the report should be made to:

Name: Peter Roberts

Tel: 0151 260 3464

Email: peter@trinitychurcheverton.org

If the suspicions implicate both the Safeguarding Co-ordinator and the Deputy, then the report should be made in the first instance to:

thirtyone:eight PO Box 133, Swanley, Kent, BR8 7UQ.

Tel: 0303 003 1111.

For pastoral support it is acceptable to speak to one of the pastors of the church. Alternatively contact Social Services or the police.

- The Safeguarding Co-ordinator should contact the appropriate agency or they may first ring the thirtyone:eight helpline for advice. They should then contact social services in the area the child or adult lives.

Liverpool City Council Social Services

Careline Children's Service

0151 233 3700

<https://liverpool.gov.uk/social-care/childrens-social-care/getting-help/careline-child-service>
[s](#)

Adult Social Services

Tel: 0151 233 3800

<https://liverpool.gov.uk/social-care/adult-social-care/keeping-adults-safe/adults-at-risk/>

Police Protection Team Tel: 0151 709 6010

- The Safeguarding Co-ordinator may need to inform others depending on the circumstances and/or nature of the concern
 - The trustee responsible for safeguarding who may need to liaise with the insurance company or the charity commission to report a serious incident.
 - Designated officer or LADO (Local Authority Designated Officer) if the allegation concerns a worker or volunteer working with someone under 18.
- Suspicions must not be discussed with anyone other than those nominated above. A written record of the concerns should be made in accordance with these procedures and kept in a secure place.
- Whilst allegations or suspicions of abuse will normally be reported to the Safeguarding Co-ordinator, the absence of the Safeguarding Co-ordinator or Deputy should not delay referral to Social Services, the Police or taking advice from thirtyone:eight.
- The Leadership will support the Safeguarding Co-ordinator/Deputy in their role and accept that any information they may have in their possession will be shared in a strictly limited way on a need to know basis.
- It is, of course, the right of any individual as a citizen to make a direct referral to the safeguarding agencies or seek advice from thirtyone:eight, although the Leadership hope that members of the place of worship / organisation will use this procedure. If, however, the individual with the concern feels that the Safeguarding Co-ordinator/Deputy has not responded appropriately, or where they have a disagreement with the Safeguarding Co-ordinator(s) as to the appropriateness of a referral they are free to contact an outside agency direct. We hope by making this statement that the Leadership demonstrate its commitment to effective safeguarding and the protection of all those who are vulnerable.

The role of the safeguarding co-ordinator/ deputy is to collate and clarify the precise details of the allegation or suspicion and pass this information on to statutory agencies who have a legal duty to investigate.

Detailed procedures where there is a concern about a child:

Allegations of physical injury, neglect or emotional abuse.

If a child has a physical injury, a symptom of neglect or where there are concerns about emotional abuse, the Safeguarding Co-ordinator/Deputy will:

- Contact Children's Social Services (or thirtyone:eight) for advice in cases of deliberate injury, if concerned about a child's safety or if a child is afraid to return home.
- Not tell the parents or carers unless advised to do so, having contacted Children's Social Services.
- Seek medical help if needed urgently, informing the doctor of any suspicions.
- Seek and follow advice given by thirtyone:eight (who will confirm their advice in writing) if unsure whether or not to refer a case to Children's Social Services.

Allegations of sexual abuse

In the event of allegations or suspicions of sexual abuse, the Safeguarding Co-ordinator/Deputy will:

- Contact the Children's Social Services Department Duty Social Worker for children and families or Police Child Protection Team direct. They will NOT speak to the parent/carer or anyone else.
- Seek and follow the advice given by thirtyone:eight if for any reason they are unsure whether or not to contact Children's Social Services/Police. Thirtyone:eight will confirm its advice in writing for future reference.

Detailed procedures where there is a concern that an adult is in need of protection:

Suspicions or allegations of abuse or harm including; physical, sexual, organisational, financial, discriminatory, neglect, self-neglect, forced marriage, modern slavery, domestic abuse.

If there is concern about any of the above, Safeguarding Co-ordinator/Deputy will:

© Thirtyone:eight. UK's only Independent Christian Safeguarding Charity. No part of this publication may be shared or distributed to any party outside of the member organisation, without the prior written permission of the publisher.

- Contact the Adult Social Care Team who have responsibility under the Care Act 2014 to investigate allegations of abuse. Alternatively thirtyone:eight can be contacted for advice.
- If the adult is in immediate danger or has sustained a serious injury contact the Emergency Services, informing them of any suspicions.

If there is a concern regarding spiritual abuse, Safeguarding Co-ordinator will:

- Identify support services for the victim.
- Contact thirtyone:eight and in discussion with them will consider appropriate action with regards to the scale of the concern.

Allegations of abuse against a person who works with children/young people

If an accusation is made against a worker (whether a volunteer or paid member of staff) whilst following the procedure outlined above, the Safeguarding Co-ordinator, in accordance with Local Safeguarding Children Board (LSCB) procedures will:

- If a criminal accusation has been made it will be encouraged that this is shared with the police
- Liaise with Children's Social Services in regards to the suspension of the worker
- Make a referral to a designated officer formerly called a Local Authority Designated Officer (LADO) whose function is to handle all allegations against adults who work with children and young people whether in a paid or voluntary capacity.
- Make a referral to Disclosure and Barring Service for consideration of the person being placed on the barred list for working with children or adults with additional care and support needs. This decision should be informed by the LADO if they are involved.

Allegations of abuse against a person who works with adults with care and support needs

The safeguarding co-ordinator will:

- Liaise with Adult Social Services in regards the suspension of the worker
- Make a referral to the DBS following the advice of Adult Social Services

The Care Act places the duty upon Adult Services to investigate situations of harm to adults with care and support needs. This may result in a range of options including action against the person or organisation causing the harm, increasing the support for the carers or no further action if the 'victim' chooses for no further action and they have the capacity to communicate their decision. However, this is a decision for Adult Services to decide not the church.

Pastoral Care

Supporting those affected by abuse

The Leadership is committed to offering pastoral care, working with statutory agencies as appropriate, and support to all those who have been affected by abuse who have contact with or are part of Trinity Church Everton.

Working with offenders and those who may pose a risk

When someone attending the place of worship / organisation is known to have abused children, is under investigation, or is known to be a risk to adults with care and support needs; the Leadership will supervise the individual concerned and offer pastoral care, but in its safeguarding commitment to the protection of children and adults with care and support needs, set boundaries for that person, which they will be expected to keep. These boundaries will be based on an appropriate risk assessment and through consultation with appropriate parties.

Adoption of the policy

This policy was agreed by the leadership and will be reviewed annually on: March 2026

Signed by: Peter Roberts Position: Full time Pastor

Signed by: Mike Swanson Position: Pastor

Date: 10th March 2025

Appendix 1 – Code of conduct

Trinity Church Everton behaviour code for working with children, young people and adults at risk of harm

Purpose

This behaviour code outlines the conduct expected of all workers (staff and leaders). The code of conduct aims to help protect adults at risk of harm, children and young people from abuse and inappropriate behaviour from those in positions of trust, and to reduce the risk of unfounded allegations of abuse being made.

The role of workers (staff and volunteers)

When working with children and young people or adults at risk of harm, you are acting in a position of trust for Trinity Church Everton. You will be seen as a role model and must act appropriately.

Good practice

- Treat everyone with dignity, respect and fairness, and have proper regard for individuals' interests, rights, safety and welfare
- Work in a responsible, transparent and accountable way
- Be prepared to challenge unacceptable behaviour or to be challenged
- Listen carefully to those you are supporting
- Avoid any behaviour that could be perceived as bullying, emotional abuse, harassment, physical abuse, spiritual abuse or sexual abuse (including inappropriate physical contact such as rough play and inappropriate language or gestures)
- Seek advice from someone with greater experience when necessary
- Work in an open environment – avoid private or unobserved situations
- Follow policies, procedures and guidelines and report all disclosures, concerns, allegations, and suspicions to the safeguarding co-ordinator
- Don't make inappropriate promises particularly in relation to confidentiality
- Do explain to the individual what you intend to do and don't delay taking action
- Being aware of the dangers associated with social media and following Trinity Church Everton's social media policy

Unacceptable behaviour

- Not reporting concerns or delaying reporting concerns
- Taking unnecessary risks
- Any behaviour that is or may be perceived as threatening or abusive in any way
- Developing inappropriate relationships
- Consuming alcohol or illegal substances

- Favouritism/exclusion – all people should be equally supported and encouraged

Breaching the Code of Conduct

If you have behaved inappropriately you will be subject to disciplinary procedures (particularly in the case of paid staff where the line manager will consult the safeguarding coordinator as appropriate). Depending on the seriousness of the situation, you may be asked to leave Trinity Church Everton. We may also make a referral to statutory agencies such as the police and/or the local authority children's or adult's social care departments or DBS. If you become aware of a breach of this code, you should escalate your concerns to the safeguarding coordinator or line manager (in the case of a paid staff member).

Declaration

I agree to abide by the expectations outlined in this document and confirm that I have read the relevant policies that assist my work with vulnerable groups.

Appendix 2 - Statutory Definitions of Abuse (Children)

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm.

Children may be abused in a family or in an institutional or community setting; by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults or another child or children. Child protection legislation throughout the UK is based on the United Nations Convention on the Rights of the Child. Each nation within the UK has incorporated the convention within its legislation and guidance.

England

The four definitions (and a few additional categories) of abuse below operate in England based on the government guidance 'Working Together to Safeguard Children (2018)'.

What is abuse and neglect?

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger for example, via the internet. They may be abused by an adult or adults, or another child or children.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing

© Thirtyone:eight. UK's only Independent Christian Safeguarding Charity. No part of this publication may be shared or distributed to any party outside of the member organisation, without the prior written permission of the publisher.

and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology

Extremism goes beyond terrorism and includes people who target the vulnerable – including the young – by seeking to sow division between communities on the basis of race, faith or denomination; justify discrimination towards women and girls; persuade others that minorities are inferior; or argue against the primacy of democracy and the rule of law in our society.

Appendix 3 - Signs of Abuse (Children)

The following signs could be indicators that abuse has taken place but should be considered in context of the child's whole life.

Physical

- Injuries not consistent with the explanation given for them
- Injuries that occur in places not normally exposed to falls, rough games, etc
- Injuries that have not received medical attention
- Reluctance to change for, or participate in, games or swimming
- Repeated urinary infections or unexplained tummy pains
- Bruises on babies, bites, burns, fractures etc which do not have an accidental explanation*
- Cuts/scratches/substance abuse*

Sexual

- Any allegations made concerning sexual abuse
- Excessive preoccupation with sexual matters and detailed knowledge of adult sexual behaviour
- Age-inappropriate sexual activity through words, play or drawing
Child who is sexually provocative or seductive with adults
- Inappropriate bed-sharing arrangements at home
- Severe sleep disturbances with fears, phobias, vivid dreams or nightmares, sometimes with overt or veiled sexual connotations
- Eating disorders - anorexia, bulimia*

Emotional

- Changes or regression in mood or behaviour, particularly where a child withdraws or becomes clinging.
- Depression, aggression, extreme anxiety.
- Nervousness, frozen watchfulness
- Obsessions or phobias
- Sudden under-achievement or lack of concentration
- Inappropriate relationships with peers and/or adults
- Attention-seeking behaviour
- Persistent tiredness
- Running away/stealing/lying

Neglect

- Under nourishment, failure to grow, constant hunger, stealing or gorging food, Untreated illnesses, Inadequate care, etc

*These indicate the possibility that a child or young person is self-harming. Approximately 20,000 are treated in accident and emergency departments in the UK each year.

Appendix 4 - Definitions of Abuse - Adults

The following information relates to the Safeguarding of Adults as defined in the Care Act 2014, Chapter 14. Safeguarding, this replaces the previous guidelines produced in 'No Secrets' (Department of Health 2000)

The legislation is relevant across England and Wales but on occasions applies only to local authorities in England.

The Safeguarding duties apply to an adult who;

- has need for care and support (whether or not the local authority is meeting any of those needs) and;
- is experiencing, or at risk of, abuse or neglect; and
- as a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

Organisations should always promote the adult's wellbeing in their safeguarding arrangements. People have complex lives and being safe is only one of the things they want for themselves. Professionals should work with the adult to establish what being safe means to them and how that can be best achieved. Professional and other staff should not be advocating 'safety' measures that do not take account of individual well-being, as defined in Section 1 of the Care Act.

Link: The Care Act 2014

<http://www.legislation.gov.uk/ukpga/2014/23/contents/enacted>

Link: Care and Support Statutory Guidance under the Care Act 2014

<https://www.gov.uk/government/publications/care-act-statutory-guidance/care-and-support-statutory-guidance>

This section considers the different types and patterns of abuse and neglect and the different circumstances in which they may take place. This is not intended to be an exhaustive list but an illustrative guide as to the sort of behaviour which could give rise to a safeguarding concern.

Physical abuse – including assault, hitting, slapping, pushing, misuse of medication, restraint or inappropriate physical sanctions.

Domestic violence – including psychological, physical, sexual, financial, emotional abuse; so called 'honour' based violence.

Sexual abuse – including rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting.

Psychological abuse – including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, cyber bullying, isolation or unreasonable and unjustified withdrawal of services or supportive networks.

Financial or material abuse – including theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements, including in connection with wills, property, inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits.

Modern slavery – encompasses slavery, human trafficking, forced labour and domestic servitude. Traffickers and slave masters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.

Discriminatory abuse – including forms of harassment, slurs or similar treatment; because of race, gender and gender identity, age, disability, sexual orientation or religion.

Organisational abuse – including neglect and poor care practice within an Institution or specific care setting such as a hospital or care home, for example, or in relation to care provided in one's own home. This may range from one off incidents to on-going ill-treatment. It can be through neglect or poor professional practice as a result of the structure, policies, processes and practices within an organisation.

Neglect and acts of omission – including ignoring medical, emotional or physical care needs, failure to provide access to appropriate health, care and support or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and heating.

Self-neglect – this covers a wide range of behaviour neglecting to care for one's personal hygiene, health or surroundings and includes behaviour such as hoarding. Incidents of abuse may be one-off or multiple, and affect one person or more.

Appendix 5 - Signs of Abuse (Adults)

Physical abuse

- History of unexplained falls, fractures, bruises, burns, minor injuries.
- Signs of under or over use of medication and/or medical problems left unattended.
- Any injuries not consistent with the explanation given for them
- Bruising and discolouration - particularly if there is a lot of bruising of different ages and in places not normally exposed to falls, rough games etc.
- Recurring injuries without plausible explanation
- Loss of hair, loss of weight and change of appetite
- Person flinches at physical contact &/or keeps fully covered, even in hot weather;
- Person appears frightened or subdued in the presence of a particular person or people

Domestic violence

- Unexplained injuries or 'excuses' for marks or scars
